## This is the Truth of the Matter!

A person thinks nothing of purchasing a fine garment or fur coat to cost from sixty-five to one hundred dollars, but when it comes to selecting a Chamber Suit for the best room in their home it is quite a different proposition. Almost anything will do as long as it costs little and has a certain amount of show to it. It is our duty to offer you suggestions, to show you better things, to get you out of this bad way of doing.

We shall endeavor to give you from time to time, in our show window, ideas as to furnishing the different rooms in the home. We sincerely hope they will be a help to you.

For a few days we are showing a bedroom furnished in mahogany. It contains a Dresser, Commode, Bedstead, Stand, two Sitting Rockers, a Desk and Chair, a Brass Costumer, Rugs, Portieres and Laces. You would be surprised at the little this outfit costs, and yet it has a richness that cannot be surpassed in furniture. Ask us questions about this window.
